Cancellation & Refund Policy

Commercial terms regarding milestone sprint payments, bespoke engineering, and SaaS subscriptions.

Effective: October 2026 | **Governance: v3.1 Standard** | **Jurisdiction: Guwahati / Golaghat, Assam**

01. Nature of Custom Software Engineering

Custom software engineering involves the dedicated allocation of senior developer hours and compute infrastructure. Unlike retail goods, engineering sprints represent irreversible labor commitments.

02. Advance Sprint Mobilization Non-Refundability

The 50% upfront sprint mobilization payment is strictly non-refundable once engineering sprints have commenced.

03. Mid-Project Termination & Asset Handover

If a Client cancels before Milestone 2 completion, the final 50% payment is waived, and all code and assets completed under Milestone 1 are transferred to the Client.

04. RH CORE™ SaaS Subscription Cancellations

Clients may cancel cloud SaaS subscriptions anytime prior to the start of the next renewal cycle with zero penalties. Complete database backups (SQL/JSON) are provided within 14 business days.

05. Warranty Remediation over Cash Refunds

Under our 30-Day Post-Launch Warranty, reproducible defects are repaired at zero additional charge in lieu of monetary refunds.
